Client Concerns

Prepurchase inspection because he is about to sell the vehicle. Vehicle has an oil leak. there was about 1-2 teaspoons of oil under the car when I pulled it out today. Seems to be leaking from the passenger rear of the engine. Also a decent amount of burnt oil smoke shortly after it started warming up

Oil Change, oil analysis.

Some things to specifically check in the PPI please:

White crust on coolant resevoir
Diff bushings starting to crack
Rear bump shocks showing wear
Sway bar
